Re: Visions Multi Media Group – WUFO Radio LLC
(VMMG)
WUFO(AM), Amherst, NY
Facility Identification Number: 60154
Special Temporary Authorization (STA)
BESTA- 20190401AAP

Dear Ms. Brown:

This is in reference to the request filed on April 1, 2019. VMMG requests an extension of the STA granted on September 24, 2013, to continue operating using the existing WECK tower to allow time for further action to be taken on BP-20190422AAV.¹ In support of the request, we noted that additional time will be required for our staff to review the application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and VMMG may continue to operate daytime-only with a maximum of 1 kW using the existing WECK tower. VMMG must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47

¹ WUFO(AM) was licensed for ND daytime-only operation on 1080 kHz with 1 kW at the old site, and BP-20190422AAV proposed a 1 kW ND daytime-only facility using the existing WECK tower.

CFR §1.1310.

This authority expires on **October 23, 2019**.

Sincerely,

A handwritten signature in blue ink, consisting of a large loop followed by a series of smaller loops and a long horizontal stroke extending to the right.
